**It's a workshop based within a large scale professional Construction Company - right now it's based in the Construction of Skejby Hospital. The second largest hospital Facility in Denmark. It is a collaboration between Århus Production School and the community of Aarhus. The students work as ordinary workers within the Companies involved in the large scale project.*

Österreich – Woche: Bfi-Produktionsschule Mattighofen

09.11.2014 – 14.11.2014

...following workshops are in this production school:

- Catering/gastronomy
- Metal
- IT, office
- Synthetic material

The nearest airport is “Salzburg Airport – W.A. Mozart”.
